

**TO GROW LONG
STRAIGHT HAIR**

You Need A Real Scalp Food

There are so many so-called hair growers on the market, a large number of which are nothing more than perfumed krense. It is no wonder people get discouraged and lose faith in all hair tonics. In deciding what to use on your scalp, be sure and get a remedy of proven merit. Seeb's Quinade is a highly medicated pomade that has stood the test of time. It is a real

scalp food; it stimulates and nourishes the roots of the hair, causing a natural growth of long hair.

Quinade is the invention of an expert chemist and is made under the supervision of an experienced

soft and smooth, and easy to put up in the style desired.

To get the best results from the use of this hair shampoo, it is necessary to shampoo the scalp about every two or three days with Seeb's Quinaoap. Quinaoap is made entirely out of pure vegetable oils, principally coconut oil, and is free from all irritating and irritating elements. Very freely, it leaves the hair soft and glossy, and imparts a refreshing feeling to the scalp unacquainted by the use of ordinary shampoos.

Do not use any substitutes, but insist on getting Seeb's Quinaoap and Seeb's Quinaoap, asking for them by the full name. Price is 25 cents per bottle. Write to the dealer who has the best stock there, and ask for Seeb's Quinaoap.

to obtain them for you from his whole-
sale, or send us the price and we will
mail them to you. Seeby Drug Co.

DEMOCRACY

A Democracy is Founded Upon Equal Rights, Equal Duties and Equal Responsibilities For All Citizens.

PRESIDENT WILSON OFF FOR FRANCE.

On Wednesday, November 4, Hon. Woodrow Wilson, President of the United States, sailed for France, preparatory to entering the Peace Conference, a high post in the hands of the Allies, especially England and France. They will find him as a great man. We hope the acclaim will be so great that the President of the United States will get a real vision. A vision of right and wrong. If his immediate associates, his cabinet, have not given him a clear vision, we hope there will be lack of other countries who will.

It is rather fortunate for Mr. Wilson that he is President of the United States at this time. In the Twentieth Century, he has the unique opportunity to become a great man. Yet, we are still wondering if he is going to allow his vision to be clouded by race prejudice and his own fruits of unreason. The President has the opportunity to give his name "Immortal" in the hearts of his countrymen and the men of all the world if he can only rise above the "little things."

We hope he will take the interest of all the people of this country. The solicitude of our people about him is very much in evidence. He will remember the words of that immortal Lincoln, who said that a nation cannot stand, half slave and half free. He will remember that the accidents of birth and racial discriminations will be some of the burning questions to be discussed at the Peace Table. President Wilson's attitude on these questions will answer forever the false or the ignorance of that hurtful phrase "Democracy." His position on such important questions will have much weight in determining future wars.

And did for that Real Democracy Will Not Be Laid Under the Table.

Let us hope in settling of the things our boys have fought, be

COLORED NURSES AT U. S. BASE HOSPITAL.

The touch of a tender hand, a hand sympathetic, a hand of love, lends hope, encouragement and aspiration as nothing else can do for the soldier. The Base Hospitals in France are receiving thousands of the colored soldiers who have fought bravely in the trenches. The colored nurses who minister to these soldiers and sailors. And we do not charge that the white nurses are negligent, or particularly indifferent, but we do make the addition that colored nurses with that sympathetic touch born out of an appreciative heart for the men of their race can render a more effective service for the colored soldiers. The very sight of a colored nurse will lend hope to the perishing to know that our women are being given a chance as other women. It will give encouragement because it will remind him of "mother."

The negro soldier is a part of the great American Army. They are scattered here and there in possibly every department of the Army. Women nurses have found a way to do their "bit" by nursing the unfortunate who may be sick or wounded. Therefore, the natural and proper thing to do is to employ negro women as nurses. Their very presence will break the monotony of the hospital life of the soldier.

Not only should these women be sent to France to the hospitals, but they should also be advantageously used in this country where hospitals will be admitted for the wounded and afflicted on their return from the front. We are sure that our boys will feel highly honored to see the mothers of our race thus employed.

MR. MEADOWS'S RACE PREJUDICE.

In these columns last week we stated that William G. Meadows, Director General of the Railroads, was too little for a big job. At the time, his latest race prejudice order had not generally been known. To issue an order as Director of the Railroads to the North-western R. R. to keep Negroes out of the Pullman cars, is a really cruel. It should be frowned upon by all right thinking Americans. We are charged with being an idle race. It is not true. We are struggling for economic freedom. It is hard, hard indeed, to have the high government officials to use their high offices to crush us.

Mr. Meadows's Order.

The conditions under which Negroes are employed as firemen, hostlers, switchmen, brakemen, etc., are not to be extended beyond the practice heretofore existing, and you are cautioned against employing Negroes for these classes of service or in any other way, heretofore open to them, not to take the places of white men.

How is that for justice and fair play?

NEGROES AT PEACE CONFERENCE.

Following our suggestion of two weeks ago, that the Negro should have some one, particularly interested in his welfare, at the Peace Conference which is to take place in Versailles, France, in a very short time, reports have come to us that nearly a dozen Negro men have been chosen to be on the ground, each in a different capacity. This is very creditable to us and we predict that a larger number will be there before the terms are formally agreed upon.

A CALL FROM ST. LOUIS TO BOSS HER OWN.

All music lovers of St. Louis know that we have artists the equal of any who have come to us in the past. This was evident during the past week when Furo Tallegio called to the city the best artists of the color. These were—Madame Fata Brown; Mrs. Tallegio; etc. But the excitement of the concert was not over yet. There were other artists who sang more sweetly or more loudly, our hearts more than those of our own city. The musical program given during the concert was of the highest quality. The program given during the concert was of the highest quality. The program given during the concert was of the highest quality.

FRATERNITIES

By F. C. FISHER

A MAN WITH SERVICE.

During last week, men high in the financial world, and representative men and women of the race, from all parts of the country were in St. Louis, to attend the dedication of the new Puro Building, and the dedication of the new Puro Building, and the dedication of the new Puro Building.

Among the events of the occasion that attracted particular attention was the address delivered by Mrs. Mary Waring, M. D., of Chicago, Ill., who was heard by a responsive audience, last Saturday night in the spacious auditorium, of the Puro Building. Dr. Waring was so true to her profession that she delivered a most excellent work, which she dedicated to the service of the colored people.

Dr. Waring was so true to her profession that she delivered a most excellent work, which she dedicated to the service of the colored people. She was so true to her profession that she delivered a most excellent work, which she dedicated to the service of the colored people.

AMUSEMENTS AND SPORT by H. A. THEATRES

MAKERS PLAYERS AT THE BOOKER WASHINGTON THEATRE
(Comedy Company, Has Even Better Show Than Last Week.)

Mrs. Merry Makers of Mirth are offering a show at the Booker Washington Theatre this week that is even more musical and more humorous than last. There is a "gayer supply" of dancing, nearly every musical number being accompanied by artistic steps. The Metcalf Sisters star, being comely, graceful and artistic. Their songs and dances prove a hit. Willie Williams, danced "by Joe Louis," makes another big comedy hit. Mrs. Mack and the girls have several good numbers and Mlle. Mack continues to bewitch the audience with her musical comedy. Each specialty presented has ingenious originality that appeals to the audience. The Paramount appears to advantage, putting over a couple of features on its own part. The finale, a vaudeville walk and Hawaiian dance by the company, is a fitting climax. The engagement closes Sunday night.

NEXT WEEK.
An all star vaudeville show has been booked for the Booker Washington Theatre next week. It will include the popular team of Montgomery and McClain, Wilson and Goodall, a female feature, Fairchild and Fairchild, a musical comedy and dancing duet, Laura Smith, a favorite comedienne, "The Iron Test," will start on Monday night. "The Wolves of Culture" is being shown on Wednesday and "The Lure of the Circus" on Friday.

The Jests-More Theatre at Wilkes and Finney is showing a select program of high class photography. It takes to good audience nightly. Mr. Pittman has "hooked up" with the best picture producers in the country and will announce some popular new serials as well as feature plays with leading actors.

SPECIAL THREE DAYS AT THE OLYMPIA THEATRE.
The Olympia Theatre has added another feature night to its weekly program. So popular has become the idea that Sunday has been added to the list.

On this Sunday the feature will be shown: "Tarnish of the Law," a melodramatic mystery embracing all that the mind of man can possibly conceive, original or imaginative. It is a symphony of dramatic art—rugged adventure, with a spectacular romance. On Tuesday William Farnum, America's most representative actor, portrays the role of Lassiter in "Riders of the Purple Sage." The appointment of such a combination—Zane Grey, a Western writer; William Farnum, supreme in Western characterizations, and a setting that embraces the vast purple-tinged means of the Great Southwest—alone is sufficient to thrill every picture lover.

Photographically, as well as dramatically, this fine production is a rare achievement. With action it combines that most elusive element to photograph—atmosphere. And such action! The special picture next Thursday will be Charles Ray in "The Law of the North." This play deals with life in a trading post on the "top of the world" where it is cold enough for a man to wear five gloves. It is full of real life excitement. "The Iron Test," featuring Antonio Noro and Carol Holloway, will be shown at the Olympia-Sixty Theatre beginning December 21. We will tell
